

# THE DISTRICT LINE

By Bill Gold

## SUGGESTION BOX

Tom and Beth Megill of 8110 Penbrook pl., Hyattsville, share my view of radio stations which broadcast the location of police radar crews in the name of "public service." They offer an interesting suggestion for countering the broadcasters' strategy with a scheme designed to render it ineffective. They write:

**"Encourage your readers to call in fictitious radar locations. Flood them with misinformation."**
